

A workshop for European awareness

In Torre Del Greco the workshop Amesci on the active participation of young people. ([Claudia De Crescenzo](#))

22 youth workers, leaders of associations and Youth Councils from Bosnia and Herzegovina, Montenegro, Croatia, Bulgaria, Portugal, Romania and Italy gave birth to the "European Awareness Scenario Workshop" organized by the European Department of the association Amesci as a part of the 3.1.2 Youth in Action Programme.

The four-day event, which saw the young participants engaged in a detailed analysis of the policies and the dynamics of participation of young people in their respective countries, yielded a document of innovative proposals about the merits in European environment and an extensive plan for related follow-up.
